In-home Energy Assessments*

What's included:

- Free energy-saving products installed
- Professional advice from a PECO energy advisor
- Personalized report

peco.com/assessment

*An Energy Assessment can help you save money and learn more about your home's energy use. These assessments are just \$49 (market price \$200) and take only 1-2 hours to complete. Income qualified households may be eligible for PECO's Assistance Programs. Rules and rebates may change without notice and funds are limited and subject to availability. See full terms and conditions. Customers applying for rebates must apply within 90 days of purchase. Natural gas energy efficiency programs are valid for PECO natural gas customers in Bucks, Chester, Delaware, Lancaster and Montgomery counties. For a heating conversion rebate, customers must replace their current oil, propane or heating systems with a new, qualified natural gas heating system. For further information, eligibility requirements, or to apply, visit www.peco.com/rebates.
